OJO CALIENTE

(HOT SPRINGS.)

THESE Celebrated Hot Springs are located in the midst of the Ancient Cliff Dwellers, twenty-five miles west of Taos, and fifty miles north of Santa Fe, and about twelve miles from Barranca Station on the Denver & Rio Grande Railway, from which point a daily line of stages runs to the Springs. The temperature of these waters is from 90° to 125°. The gases are carbonic. Altitude 6,000 feet. Climate very dry and delightful the year round. There is now a commodious hotel for the convenience of invalids and tourists. These waters contain 1883.34 grains of alkaline salts to the gallon; being the richest alkaline Hot Springs in the world. The efficacy of these waters has been thoroughly tested by the numerous cures attested to in the following diseases: Paralysis, Rheumatism, Neuralgia, Consumption, Malaria, Bright's Disease of the Kidneys, Syphilis, and Mercurial Affections, Scrofula, Catarrh, La Grippe, all Female Complaints, etc., etc. Board, Lodging and Bathing, \$2.50 per day. Reduced rates given by the month. This resort is attractive at all seasons and is open all winter. Passengers for Ojo Caliente can leave Santa Fe at 10:30 a. m. and reach Ojo Caliente at 5 p. m. the same day. Fare for the round trip from Santa Fe to Ojo Caliente, \$7. For further particulars address—

PERILOUS VOYAGE

Third Expedition to Philippines Suffered from Disease and Dangers on the Voyage.

TRANSPORT AFIRE FOR DAYS

Crew Battled with Flames Night and Day—Troops Kept in Ignorance of Their Peril—Seven Deaths Among Soldiers.

New York, Aug. 10.—The World's advices from Manila of August 4, referring to the arrival of the third expedition from San Francisco says: Never did an expedition encounter more dangers or endure more perils on a voyage. Six men and one officer died and 50 more were taken sick. Typhoid and meningitis played havoc on the transports. Two firemen went insane and leaped overboard. Fire on one of the ships, however, was the worst peril of all. The transports and their convoy monitor Monterey were three days out of Hawaii when fire was detected aboard the Morgan City. At midnight, when all troops were asleep, Captain Dillon assembled the crew and told them the news. Every man was pledged to secrecy. The transports and their convoy monitor Monterey were three days out of Hawaii when fire was detected aboard the Morgan City. At midnight, when all troops were asleep, Captain Dillon assembled the crew and told them the news. Every man was pledged to secrecy. The transports and their convoy monitor Monterey were three days out of Hawaii when fire was detected aboard the Morgan City. At midnight, when all troops were asleep, Captain Dillon assembled the crew and told them the news. Every man was pledged to secrecy.

Ultimatum Expires Soon.

Colon, Columbia, Aug. 10.—It is learned from a reliable source that the Italian ultimatum demanding payment of the Cerutti claim, expires August 13. Anxiety as to the ultimate action of the new vice president, Senor Marroquin, inaugurated last Sunday, and the cabinet, is daily increasing. It is reported that the Italian warship Carlo Alberto is at Curacao.

DESIGNS FOR NEW BATTLESHIPS.

Naval Board of Construction Has Decided Not to Make New Plans—Contracts Will Be Let Next Month.

New York, Aug. 10.—A special to the Tribune from Washington says: The naval board of construction has decided not to make new designs for the battleship Maine, Missouri and Ohio, but to recommend to Secretary Long that bids for those vessels be opened on September 1. This action, while it apparently favors the 16 knot ships, in reality simply emphasizes the belief heretofore expressed by a majority of its members that ship builders should have an opportunity to declare whether they will be willing to guarantee a speed exceeding 17 knots, which all but one of the members of the board are confident should be obtained under the original specifications.

Establishing Military Camps.

Washington, Aug. 10.—The War department has decided to establish a military camp in the blue grass region of Kentucky. It is probable the troops at Chickamauga will be marched to the new camp, the exact location of which can not now be stated. The War department has also under consideration the establishment of army camps at Lexington, Ky., Knoxville, Tenn., and Tyron, N. C.

Adopted Gold Standard.

Yokohama, Aug. 10.—Reports from Seoul state that Korea has adopted the gold standard.

GOLD HUNTERS DROWNED.

Steamer Jessie Wrecked in Kuskowin River, Alaska—Thought 18 Persons Were Lost.

Seattle, Wash., Aug. 10.—Twelve members of the Columbian Exploration Company, according to advices received by the Alaska Commercial Company at San Francisco, are supposed to have been wrecked on July 2 in the Kuskowin river, Alaska. They are Capt. J. F. Murphy, Bowling Green, Ky.; R. B. P. Frierson, Gallatin, Tenn.; Doc Allen, Kentucky; Eli Knudsen, Genesee, Ida.; Engineer Kusler, Milwaukee;—Smallhouse, Louisville, Ky.; E. S. Lines, A. C. Stetson, Seattle; O. A. Alrud, Redmond, Wash.; H. Clifford Hare, residence unknown. The party sailed from here May 31.

Further details state there were 18 persons on the river steamer Jessie, of the Columbian Exploration Company, which foundered during a severe storm on July 28. It is thought all were lost. News of the disaster was brought to headquarters of the Alaska Commercial Company by Indians.

TROOPS EMBARKING.

Transports at Santiago Receiving Men Ordered Home—Captain Clark, of the Oregon, Returning Because of Bad Health.

Guantanamo Bay, Aug. 9, via Playa del Este.—The St. Paul has arrived from Puerto Rico and proceeds to Santiago to embark troops. The St. Louis sailed for Santiago this morning. Both the St. Paul and the St. Louis will embark the troops outside of the harbor entrance, being too long to enter the harbor proper. Captain Clarke, formerly of the battleship Oregon, is going north on the St. Paul owing to bad health. Captain Barker, formerly of the Newark, now commands the Oregon, and Captain Goodrich, formerly of the St. Louis, commands the Newark. The Newark, Detroit, Suwanee and Scorpion accompany the Resolute to the Isle of Pines. Speedy conclusion of peace negotiation one way or other, is earnestly hoped for throughout the fleet as the inaction and suspense are trying, although the health and discipline of the navy forces are good.

There are only 170 men on the sick list out of 5,900 men on the ships in this harbor and none of the cases are serious. Chief Engineer McConnell, fleet engineer on the flagship New York, goes north on sick leave. He has been suffering from rheumatism almost since the war began, but stuck to his duty. The doctors now positively order him home. The splendid work of the New York's engines, with not a single breakdown being recorded, is largely due to Chief Engineer McConnell.

FOUR MEN LYNCHED.

Tale of Horror from Arkansas—Wife Hired Negroes to Kill Her Husband—Mob Hung the Murderers.

St. Louis, Aug. 10.—A special to the Post-Dispatch from Grays, Ark., says: At midnight a mob of 300 citizens visited the Monroe county jail at Clarendon, and took therefrom the four prisoners charged with the murder of John T. Orr, and lynched them. The mob was a most orderly one. They marched to jail and demanded the keys of Deputy Sheriff Frank Milver. He at first refused, but seeing their earnestness turned over the keys. The four hanged were Will Sanders, the one who fired the shot that killed Orr; Rilla Weaver, mother of Sanders and a cook in the Orr household; Dennis Record, "hoodoo" doctor and conjurer who tried to poison Orr with boiled snake heads, and Manse Castle, who volunteered to do the job and transferred it to Sanders. Mrs. Rachel Morris, accused of being an accessory before the fact, and Susie Jacobs, a negro woman, accessory after the fact, have skipped out. They were taken to an old mill near the river a few hundred yards from the jail, strung up and this placard attached to their bodies: "This is the penalty for murder and rape." John T. Orr, the victim, was a prominent business man not known to have an enemy. He carried life insurance to the amount of \$5,000. Mrs. Orr, who hired the negroes to kill him, took poison and was stated to be dying yesterday afternoon in the jail. She leaves a 4-year old daughter. Orr was married to the woman in 1890 while she was attending school in Kansas. Her name was Mable Earnest Barker and her father lives at Wapuna, Wis.

Sailed for Puerto Rico.

New York, Aug. 10.—The transport Chester with the 1st regiment of volunteer engineers, numbering about 1,200, sailed today for Puerto Rico.

Newport News, Va., Aug. 10.—The Alamo sailed this morning for Puerto Rico with half of the 1st Kentucky and General Grant and staff aboard. The Obedin is still loading.

DISGUSTED WITH AGUINALDO.

Insurgent Leader's Power Waning—Ready to Fly from the Islands—Spaniards Used Brass-Coated Bullets.

Cavite, Manila Bay, Aug. 3, via Hongkong, Aug. 10.—The Americans are disgusted with the conduct of Aguinaldo, the insurgent leader, whose power is weakening owing to the fact that the Filipinos are realizing the unsubstantiality of his promises. Two insurgent steamers are in Manila bay waiting in order to insure Aguinaldo's escape if necessary. The American field hospital worked splendidly under the galling fire at the battle of Malatua, and the remarkable courage and steadiness in all ranks of regulars and volunteers, caused General Greene to officially thank the troops. The Spaniards are using Mauser and Remington rifles with brass coated bullets.

Believed Spain Will Recede.

Washington, Aug. 10.—It is believed that Spain will recede from certain conditions she made and an agreement will be had soon on a basis of the terms of peace.

PROTOCOL AGREED UPON.

Peace Terms Settled—Cuba and Puerto Rico to Be Evacuated—But Few Formalities Remain for Disposition.

Washington, Aug. 10.—Secretary Day at 1 o'clock today made the following statement to the Associated Press: "We have agreed upon a protocol embodying the proposed terms for the negotiations of a treaty of peace, including the evacuation of Cuba and Puerto Rico and it is expected that the protocol will be executed." It can be stated that the terms are precisely those laid down by the president in the original note about a week ago. It is believed nothing but a few formalities remain to be disposed of to secure ratification of the protocol. The formal signatures to the protocol will not be affixed today.

Mrs. McKinley's Uncle Injured.

Canton, Ohio, Aug. 10.—Joseph Saxton, uncle of the wife of President McKinley, was struck by a street car today and seriously injured. He is well advanced in years, and suffers from defective hearing. His injuries are not necessarily fatal.

SILVER DICK AGAINST ANNEXATION.

Missouri Democrats Meet in State Convention—Split on Territorial Expansion—Chicago Platform Recalled.

Springfield, Mo., Aug. 10.—It became evident early today that Congressman Bland and his followers had broken away from Stone on the question of territorial expansion and had declared against such a policy. Before the state convention met the delegates from the 8th (Bland's) congressional district adopted a resolution favoring Bland's foreign policy. Congressman Bland, when introduced as temporary chairman, was received with applause. Mr. Bland went at once to the Chicago platform, recalling the financial plank. "This domestic issue," he said, "must remain paramount until it is settled right. If I could express my personal opinion in the platform, I would declare against the annexation of Cuba, Puerto Rico or the Philippines and that when we shall have wrested those islands from the Spanish government they shall be allowed to govern themselves."

STRUCK LANDSLIDE.

Passenger Train Rolled Down Embankment 60 Feet High—Twenty Persons Injured.

Middlesboro, Ky., Aug. 10.—While the northbound train was coming from Norton, Va., it struck a landslide near Pennington Gap and three coaches rolled down the embankment 60 feet high. About 80 passengers were aboard, all of whom were injured. Superintendent J. W. Logsdon, of the Cumberland Valley division of the Louisville & Nashville railroad, had a rib broken and was otherwise badly bruised. Chas. P. Perin, manager of the Waits Steel & Iron syndicate; W. Flusley, of Knox county, and Little son, were badly bruised. Tinsley's wounds may prove fatal.

NEBRASKA REPUBLICANS.

Meiklejohn Not a Candidate for Governor—Judge Hayward in the Lead.

Lincoln, Neb., Aug. 10.—Today a telegram received from Assistant Secretary of War Meiklejohn, positively forbidding the use of his name for the governorship, left the field to Judges Hayward and Baker, with the first named far in the lead. The Republican state central committee agreed to present the name of W. C. Conklin of Blair, for temporary chairman. Senator Thurston was made permanent chairman of the convention and his appearance was the signal for applause which became tumultuous as he referred to the war and the administration of President McKinley. The nominations for governor brought out the names of Judge M. L. Howard, of Otter county, and Judge S. B. Baker, of Douglas county. Judge Hayward was nominated on the first formal ballot.

Peace Conference.

Washington, Aug. 10.—The French ambassador, accompanied by Secretary Thebaud, arrived at the State department about 11 o'clock and after a conference of 15 minutes with Secretary Day, the latter drove to the White house to confer with the president. M. Cambon remained awaiting Secretary Day's return.

Troops Sailed for Manila.

Washington, Aug. 10.—The War department has received a dispatch from San Francisco saying that 3,000 troops started today for Manila. There are about 5,000 soldiers now at San Francisco who will be sent so soon as transports can be obtained.

Promotions in the Navy.

Washington, Aug. 10.—The president has determined to recommend to congress that Acting Rear Admiral Sampson be advanced eight numbers and Commodore Schley six numbers. This will result in making each rear admiral, but with Commodore Schley, immediately below Admiral Sampson. Captain Clark, of the Oregon, will be recommended for an advance of six numbers in the captain's grade. Commander Wainwright will go up eight numbers. Other promotions throughout the fleet will be recommended.

MARKET REPORT.

New York, Aug. 10.—Money on call nominally at 1 1/2% per cent. Prime mercantile paper, 3 1/4% at 4 1/4. Silver, 59 1/2; lead, \$2.80; copper, 10 1/2. Chicago—Wheat, Aug. 69; Sept., 65 1/2. Corn, Aug., 32 1/2; Sept., 32 1/2. Oats, Aug., 20 1/2; Sept., 20 1/2. Kansas City—Cattle, receipts, 8,000; best grades strong, others steady; native steers, \$3.00 @ \$5.35; Texas steers, \$2.85 @ \$4.00; cows and heifers, \$1.00 @ \$5.00; stockers and feeders, \$2.75 @ \$4.80; bulls, \$2.00 @ \$4.00. Sheep, receipts, 4,000, firm; lambs, \$3.85 @ \$6.10; mutants, \$3.00 @ \$4.50. Chicago—Cattle, receipts, 14,500; good cattle strong, others weak; hogs, \$4.15 @ \$5.50; cows and heifers, \$2.20 @ \$4.75; Texas steers, \$3.20 @ \$4.60; westerns, \$3.20 @ \$4.75. Sheep, receipts, 13,000; firm for sheep, lambs weak to 10c lower; natives, \$3.00 @ \$4.75; westerns, \$3.75 @ \$4.40; lambs, \$4.00 @ \$6.40.

SILVER CITY REDUCTION COMPANY, Silver City, Grant County, N. M.

This plant has been purchased and will be operated in the future by the estate of the late Senator George Hearst, of California, under the general management of D. B. Gillette, Jr. It is the intention of the present management to largely increase the capacity of the plant and equip it with every modern appliance for the successful and cheap treatment of ores and concentrates. Consignments and correspondence solicited. Advances will be made on ores.

TAOS COUNTY MINES.

Miners' Dream Turning Out Unlimited Quantities of Free Milling Ore—Skele-ton of Man Found in An Old Work-ing—Galena Found.

Special Correspondence New Mexican. Hondo, Aug. 4.—Z. Chambers, of Lobo, Taos county, leaves for the San Cristobal, ten miles south of Questa on the Red River to work this year's assessment on the Miners' Dream, now owned by John McGregor and G. Matherson, of Hondo. These parties are among the old-timers in Taos county, having had properties in the silver lead camp of McGregor, six miles west of Embudo station on the D. & R. G. R. R. in 1880. The Miners' Dream on the San Cristobal has a 135-foot shaft with drifts 600 feet from which high grade ore is said to have been taken out by the former owners, in pinnings showing free gold. From the present dump of 500 tons assays have given \$38 in gold values. An open cut of 30 feet gives eight ounces in silver at the breast and it will now be extended to the contact of two large veins 30 feet above, one of which has given 90 ounces in silver from the surface rock. These ores are of the finest porphyry quartz, free milling and at the contact show a width of 50 to 100 feet in the dyke.

Everything is there to work the ores of the camp by the cheapest method, preferably by the cyanide process, for which they are admirably adapted. Water power, timber, feed, ranch supplies, good roads. An unlimited quantity of free milling, low grade ore is in sight in the Jumbo, its 120-foot tunnel giving good cyanide values. Much interest is taken in the large dykes up the canon formerly worked by the Spaniards, as evidenced by the caves lately found by Willis Vandover, of Lobo, in doing an assessment. These dykes are from 500 to 600 feet in width and round openings, near the top open into rooms where the soft ore has been excavated by a fire process. The ore found on the walls of these caves show gold values, and some copper pyrites. Assays of the porphyry quartz in the dyke have given \$10 in gold.

D. McCoy found the bones of a man in a sitting posture, in doing his assessment, crumbling to dust on exposure to the air, which he thinks was one of the pioneers of 300 years ago. On the Chama a find of galena ore has been made by B. Martinez, a ranchman.

TERRITORIAL TOPICS

Socorro County.

New wheat is beginning to come into Socorro, which materially revives business for the time being.

Extensive arrangements are under way by Woodmen Circle of Socorro for the celebration of its 2nd anniversary.

Socorro may soon have a new sanitarium, as an eastern company is contemplating the erection of one on a large scale.

Richard Muldury, of Socorro, has sold his household goods to Joe Harrison and turned over possession of the premises to him.

The old man, Baldonado, of Socorro, was awakened from his sleep last night by a porcupine running over his bed. After his fright subsided he managed to kill the animal.

Mrs. V. R. Humble, who had been visiting her mother, Mrs. Fletcher, in Socorro, was slightly injured in the passenger wreck on the Santa Fe-Pacific Tuesday morning.

Grant County.

Harry Haddock, of Nutt station, has captured and is trying to tame a young antelope.

Ray Hiller, of Silver City, is rapidly improving under the care of Dr. Given. He has been suffering from a broken ankle.

Professor Geo. W. Miles has accepted a position as teacher in southern California at \$1,800 per year. He formerly lived in Silver City but will soon remove to his new post of duty.

Mr. Sam Agee, who has been in the employ of the Lindauer Merchandise

Territorial Treasurer Eldott has received returns from the following counties of taxes collected for the month of July:
